ASX Announcement

Amendment to December 2018 Appendix 4C

HT8 wishes to advise that the appendix 4C lodged for the December 2018 quarter has been amended following a review of the December 2018 half year report by our Auditors and our consulting accountant.

The review has identified that an error was made in classification of operating and investing cash flow. Funds on sale of stock from recent sale of the business were incorrectly included in operating cash flow. Importantly, the cash flow in gross terms was correct, it was the classification which was incorrect.

HT8 apologises for this classification misstatement and has taken remedial action with further accounting assistance.

The amendments to the appendix 4C to reflect the above are as follows:

- Line 1.9 - Cash flows from operating activities has been amended from (\$1.987m) net cash used in operating activities to \$1.164m from operating activities.
- Line 2.6 - Net cash from investing activities of \$3.414m has been amended to \$321,000 from investing activities.
- Line 3.10 - Net cash used in financing activities of (\$1.485m) has been amended to net cash used in financing activities of (\$1.542m).

Yours faithfully
